

Application form associated PhD projects and doctoral researchers

The RTG 2155 *ProMoAge* offers the option to associate doctoral projects working on *ProMoAge-related topics and funded by other sources*. The application should be submitted by the principal investigator. The doctoral candidate has to fulfil the criteria of *ProMoAge* (at least 75% of the highest grade for international students and ≤ 2.0 average mark for students from German universities). He/she will have to present the project and will be interviewed by the steering committee. The decision about acceptance is made by the steering committee. The doctoral researcher will participate in all aspects of the qualification programme including conference visits. There is a maximum of one associated project per subproject. Associations of projects from non-*ProMoAge* members are possible (**limited number**). Please make sure that the complete application is submitted in one single PDF.

Project leader (surname, given name)	
Subproject	
Doctoral candidate (surname, given name)	
Anticipated start/end of the contract	
Funding source	
Thesis title / Working title	

Signatures

 Principal investigator (name, date, signature)

 Doctoral researcher (name, date, signature)

Please attach the following documents:

- Application letter by the project leader
- Project summary (short description including background, aims and working programme)
- Application / Motivation letter of the doctoral researcher
- CV of the doctoral candidate
- Certificates (university-entrance diploma, bachelor's and master's degree, academic transcripts)
- Letter of support for the doctoral candidate (by current or previous project leader)

- For non-ProMoAge applicants: CV, list of publications, third-party funding (last 5 years) and a list of the previously supervised graduates
